

COUNCIL RECALLS EXONERATION
IN WELSH PAVING ASSESSMENT.When Original Action Was Taken Council Did Not Know
Welsh Had Waived Damage Claims.

HAL REGAR IS GIVEN \$300

Orphans' Court Will Be Asked to Pass
on Tax Question in the Berthanna
R. Smith Estate—Chairman of Com-
mittee Report—Bills Paid.

Last night's regular meeting of the Town Council proved a tame affair. Only routine matters were transacted and the session was devoid of anything of unusual interest. This arose when Councilman Frank Friel presented his motion to rescind the action of Council at the meeting of March 21 when it was decided to exonerate from the paving assessment in Meadow lane, Solomon Lepley was afraid action had been taken too late and Councilman McCormick did not agree as to the method of procedure. The motion was passed, however, and the exoneration recalled. It is understood that Welsh waived damage claims when he skinned the paving petition, a circumstance Council did not discover until after it had exonerated him from the assessment rather than stand a law suit.

The sum of \$300 was appropriated from the Finance Committee fund for the benefit of H. L. Regar. A certificate from Dr. L. B. McCormick stated that Regar is suffering from leg ulcers. The physician states his opinion that treatment for several months might effect a cure. Since the \$8 monthly advanced Regar is of but little help to him, Council decided to appropriate a lump sum to aid him. An effort to make Chairman Thomas of the Finance Committee custodian of the fund was sidestepped by the member so named. Mr. Thomas declared he has all he can attend to with rheumatism, his work and duties on the Finance Committee. The matter was placed in the hands of Chairman W. P. Clark of the Ordinance Committee.

The Finance Committee had practically nothing to report beyond the Regar matter. Tax collector George H. Brown asked Council to direct its attorneys to join with Attorney E. C. Hickey in making a case stated to the Orphans' Court in the matter of the Berthanna R. Smith estate for 1909, 1907, 1908 and 1909. Mr. Brown said the estate declines payment because the property belongs to the State. This matter will be put up to Judge Work for a decision. The Solicitors were also directed to get a decision from the court regarding where the 1909 Greenwood taxes are to be paid. Commissioner W. S. Blaney, a resident of Dunbar township, is advising those who see him to pay them in the township. The former Solicitors were directed to get a decision on this point but failed to do so.

The bond of Treasurer L. W. Rutter of \$5,000, with the title & Trust Company as surety, was filed, together with that of B. O'Connor for the West Side hill contract. O'Connor's bond was for \$1,100, with L. C. Wilkey and Kell Long as sureties.

The Street Committee occupied the floor for a short time. Chairman Hay was authorized to have the bridge in Sycamore street replaced by a double row of 21 inch pipes to handle the water that flows under that thoroughfare. The present bridge is in bad shape. The matter of sidewalks on the South Side came up again and was referred to the Street Committee and the Borough Engineer. Some of the sidewalks cannot be laid because the streets are not to the grade that has been established.

Councilman McCormick reported that an eye light has been placed on Grand avenue within 50 or 60 feet of another light and in a position where there is but little good derived from it. He will go over it with the Light Committee.

Chairman Friel reported that the Water Committee would probably have something definite to report at the next meeting.

The Ordinance Committee reported progress in the matter of new electric sign regulations. Some discussion arose over getting flowers on the lawn this year. Councilman Thomas brought the question up. Chairman H. C. Hays said the matter is being considered. A sum not to exceed \$50 was appropriated for the purpose. Contributions are solicited and Mr. Thomas offered to transport some of the flowers in his front yard.

Chairman Stoner of the Public Safety Committee kicked against the Street Department using the fire hose to wash the streets and suggested that the department use a cheaper hose instead of using material that costs \$1 a foot. Councilman McCormick and Butterworth said the street is (Continued on Third Page.)

ROOSEVELT NOW
HOMeward BOUND.Had a "Bully" Time But
Glad to Get Home
Once More.

MANY NOTABLES ON BOARD

Cabin List Reads Like a "Who's Who"
Directory—Party Has Two Suites on
Board the Kaiserin Augusta Victoria.
Boards Liner From Special Tag.

United Press Telegram.
SOUTHAMPTON, June 10.—The Roosevelts sailed for New York on the Kaiserin Augusta Victoria at two o'clock this afternoon. A great crowd gave the Colonel a rousing send-off. Many notables were present. The party occupied two suites forward, on the port side of the promenade deck.

The cabin list of the ship bears the names of many notables besides Colonel Roosevelt and his party. Among them are "Trust Buster" Frank B. Kellogg, Mrs. George Vanderbilt, Joseph C. Thaw, Mary H. Thaw and Miss Thaw of Pittsburgh, Baron Speck von Sternberg, nephew of the German Ambassador at Washington, and scores of others.

Colonel Roosevelt spent the night at the forest home of Sir Edward Grey. Thaw family came to London in a special train and boarded the liner in a special tug, thus avoiding the crush at the pier.

Arriving at his suite the Colonel signed, "Not for me," he said. "I tell you I'm glad it's over."

He said he had a "bully" time. It could not have been better but he is glad to be homeward bound.

Colonel Roosevelt is not looking as vigorous as when he emerged from Africa. He said the last few days in England nearly restored him to his accustomed health. He expects the sea voyage to restore him to the best possible trim.

"I am feeling somewhat run down but have almost recovered," he said. "Rambling through the woods of Sir Edward Grey refreshed me."

England has forgiven Roosevelt his Guild Hall speech. The press today, without exception, warmly praised the Colonel and expressed pleasure over his visit. The Telegraph said:

"Colonel Roosevelt's stay was a liberal education. He manifested courage in modern politics."

It is regretted that the Colonel did not return to London last night and begin his homeward trip from there instead of Southampton. The crowd were disappointed but contented themselves with cheering the family. Prominent Englishmen and Americans called at Ambassador Field's home to bid farewell to the family.

Lone Bandit
Holds Up Train
in Far West

United Press Telegram.
EL PASO, Tex., June 10.—A lone bandit held up and robbed the Drums' Special on the El Paso & Southern railroad a few miles east of El Paso, N. M., at midnight last night. The Special leaves Douglas, Ariz., at 11 P. M. o'clock and usually carries a Pullman filled with mining men bound out of Sonora and Arizona for El Paso and points east. Two day coaches are also carried. The special stops at Robson for water and it was here the bandit boarded the train. He made his way to the Pullman where most of the passengers were in their berths. He compelled the passengers to empty their valuables in an open sack hung from his neck and then proceeded to the day coaches where he forced the drowsy passengers at the point of a .44 Colt to give up their purses before they realized what was up. The bandit then pulled the bell cord and left the train. As the train pulled away he shot out the two rear signal lights.

General Superintendent Gay Hawkes of the Southwestern was one of the victims of the bandit. He was held up in the smoking room of the Pullman. The bandit is supposed to have crossed over the line into the mountains of Sonora, Mexico.

OLD FOLKS DAY
AND BABY DAY.

The King's Daughters Entertained the Former Yesterday.

LITTLE FOLKS AT TRINITY

Lutheran Church This Afternoon—
Partial List of Those Who Were
Guests of Church Society at Presbyterian Church Yesterday.

"Today is babies' day at the Trinity Lutheran church and yesterday was old folks' day at the First Presbyterian church and if the small folks are as tenderly cared for and as royally entertained as the aged men and women were yesterday afternoon by the King's Daughters of the First Presbyterian Church, the affair will be a grand success. The gathering yesterday was in the form of a reception and marked the third annual one given by the King's Daughters.

Twice a year the old folks of town are entertained by the young folks. Always in September the Epworth League of the Methodist Episcopal church holds a reception in their honor.

The affair was held in the First Presbyterian church and was attended by 125 persons. The inclement weather interfered somewhat with the attendance. And the day being an ideal one the attendance would no doubt have been much larger. The more aged folks were conveyed to and from the church in carriages and not the smallest detail was overlooked in looking after their comfort and entertainment. On their arrival at the church they were received by courteous members of the society and were later turned over to the ushers who found for them the best seats available. Many of the feeble and aged persons who are not able to attend church regularly assemble on these occasions and as the result new acquaintances are made and a most enjoyable afternoon is spent.

The scene yesterday afternoon was an inspiring one. Many happy men and women bent with age accepted the invitations of the young folks and their happy countenances showed that they were greatly delighted with the kind manner in which they were treated by the young folks.

J. M. Lytle, who is in his ninetieth year was the oldest person present, but was by no means the most feeble one present. Mr. Lytle is a charter member of the First Presbyterian church and is always on hand at the old folks' receptions. They were so pleased with the affair that it was suggested by several of the ladies that similar affairs be given by all the churches. The King's Daughters deserve much credit for the manner in which the affair was carried out yesterday. While the two preceding receptions given were very successful the one yesterday was more elaborate in all its appointments. The church and chapel were fragrant with June roses, large bouquets being placed in every available space. The hours were from 2 until 6.

LEAGUE AMONG COKE TOWNS
OF CONNELLVILLE REGIONS.Frick Company Takes Active Interest in Organization of
Baseball Teams at Different Works.

RIVALRY BEING STIRRED UP

Superintendents at Various Plants Are
Backing Boys Up and League May
Be Formed in Connellsville and Lower Connellsville Districts.

Baseball is being given official recognition by the H. C. Frick Coke Company and more interest is being manifested in the national game about the works of the region than ever before. Orders have been issued from the office of President Thomas Lynch directing Superintendents to maintain a ball ground as a part of the works. Manager John Lynch of the Union Supply Company is giving the teams encouragement in the matter of selecting uniforms.

At many of the coke works the Superintendents have been requested to take charge of the teams and most of them have consented. The men are taking interest in the games and each plant is trying to outdo the others in diamond prowess.

Baseball is the medium now being used to secure better work within the mines. The runners, drivers and miners now vie with each other in being first out of the depths to take in the afternoon contest. A spirit of friendly rivalry exists not only between the teams of the various works but among the workers to be first out in the afternoon.

One of the most enthusiastic of managers is F. J. Tormay at Trotter. The Trotter team has always been a good one but this year Superintendent Tormay has been persuaded to take the management of the aggregation. In the habit of doing all things well, Mr. Tormay wants the Trotter team to play as good baseball as the men make fine coke.

Superintendent Arthur Miller at Leisenring No. 3 has the Monarch team in charge and is whyling a fast aggregation into line. Efforts are being made to have Superintendent C. B. Franks of Leisenring No. 1 manage the team at that place. The Leisenring team will prove formidable under the proper management and as Mr. Franks himself is an old ball player he should make a capable manager. At Davidson Superintendent Dr. C. Perrier is taking an interest in the team which assures its success.

Plans are already being considered for forming a league of the various coke plants. The tentative idea is to have two leagues, one for teams in the Connellsville region and the other in the Lower Connellsville field. A post-season contest between the champions of the two regions is being discussed.

The higher officials of the coke company believe that baseball is a good thing for the employees. Those who play gain wholesome exercise and the esprit de corps among the workers is beneficial. One feature of the proposition is the remarkable ability displayed among the foreigners, many of them showing class as ball tossers. They seek to emulate the success attained by Jack Guinan-Knowlsey and others of their countrymen who are stars in the big circuit. It is not likely that the Frick league may turn out future Wagners, Cobbs and Collins.

One Store and Two Slot Machines
In the Borough Robbed Last Night.

One store and two slot machine stands were robbed during the night and Officer George Francis arrested two suspects who are believed to have committed at least two of the depredations. The possession of a cold rifle by one of the stolen goods by another were a chain of circumstances that warranted Francis holding them for further investigation.

Officer George Francis arrested the two on Peach street early this morning. They gave their names in police court as Harry E. Nelson of Missouri and William King of Marion, Ia. Nelson had the rifle and said he used it to cut a nail out of his shoe. He was keeping it until other nails were through. King said the chewing gum and candy was given him in Youngstown, O., by another tramp. The chief told accurately in the marks on the sides of the two slot machines that Officer Francis found later.

Three Circus
Horses Killed
by P. R. R. Freight

Three horses were killed in an accident at the Woodvale crossing of the Pennsylvania railroad at Dunbar this morning. San Brothers' circus is exhibiting at Dunbar today. The circus arrived in town early this morning and unloaded on the Baltimore & Ohio. To get to the show grounds the wagons had to be hauled across the Woodvale street crossing.

About 2:30 o'clock a big property wagon hauled by four horses had just reached the Woodvale street crossing when a coke train on the Pennsylvania railroad came thundering down. No warning was given, witnesses stated, until the train was almost upon the crossing. Three of the horses were instantly killed. The fourth escaped, with slight injuries. The driver jumped off the wagon when he saw the train would strike him and escaped. The wagon was scattered in all directions.

MONARCH WON GAME.

Forfeit Awarded Them and Not the Leisnering Team Says Manager.

Manager Arthur Miller of the Monarch team comes back at the Leisnering boys who claimed a forfeited game at Monarch Wednesday evening. Mr. Miller states that the game was forfeited to Monarch when the visitors left the field after a Monarch player reached first on balls. The score was 3 to 3 at the time.

Manager Miller, who is Superintendent at Leisnering No. 3, was willing to let the matter drop until the Leisnering team jumped into print with an erroneous statement.

This evening the Monarch team comes to Connellsville for a clash with Davidson on the Shigo field.

Weather Still Bad; Prospects are not Bright

The weather continues unfavorable. This is June 10 and with summer but a few days off the coke region hasn't even seen the genuine variety of spring. The temperature this morning was higher than usual, 61 being recorded, but rain threatened. Yesterday afternoon and last evening it showered.

It rained in the mountains, too, with the result that the river jumped from 3.97 feet last evening to 4.80 this morning. The weather forecaster predicts more unsettled weather with showers in the southern portion tonight and tomorrow.

Meyer Aaron is the latest Connellsville man to get a new automobile. Mr. Aaron has purchased a 50 horse power Jackson from the local agents at the Connellsville garage. The Jackson purchased by Mr. Aaron is the latest model and makes a splendid appearance.

J. G. Gorman recently purchased the White Steamer formerly owned by James McGloin, but isn't turned to operate it like an expert yet. Recently he had the alternative of hitting a telegraph pole or climbing over a South Side pavement. He chose the pavement.

The Famous "Holeproof" Hosiery Can Now Be Purchased Only At This Store

This Hosiery is Absolutely Insured Against Holes for Six Months

We have just secured the selling agency for the famous Holeproof Hosiery in this city. This is the original guaranteed hosiery that has been so widely advertised in the magazines but which has never yet been on sale at any store in town.

The guarantee which we reproduce on this page comes with every box of the hosiery. It is a promise that we will gladly redeem—if any of the hosiery needs darning or mending within six months it will be exchanged for new hosiery.

The manufacturers of this hosiery stand back of us in making this guarantee. They

have used only the finest and best materials the market affords. They pay 63 cents a pound for Egyptian and Sea Island cotton, instead of buying the ordinary cotton at 12 cents a pound.

Every pair is stylish as well as comfortable. They are made to fit the ankle as smoothly as a glove fits the hand. They are soft and dainty yet they outwear other hosiery almost six to one.

Men's hose come in eleven colors and women's in six. Price from \$1.50 to \$3 a box of six pairs. Children's hose come only in black and tan at a box of six pairs.

FAMOUS Holeproof Hosiery FOR MEN WOMEN AND CHILDREN

There is only one difference between the common hosiery and "Holeproof." And that is that "Holeproof" wears six times as long as the other. Yet the price for both is the same.

"Holeproof" is made with 3-ply yarn in the body and 6-ply in the heels, toes and knees. This gives double the strength where the wear comes most.

Every pair is minutely inspected before it leaves the factory. It costs \$30,000 a year for this inspection alone

so you understand something of the quality that goes in "Holeproof."

It has taken 31 years to attain this perfection but the sales now amount to more than 3,000,000 pairs every year. No other guaranteed hosiery begins to equal such tremendous sales as this.

We invite everyone to call and examine this wonderful hosiery before purchasing. We want you to note how soft and comfortable it really is. We want you to see the attractive

colors for yourself and to note the stylish appearance.

We know that once you have done this you will never again be satisfied with the common hosiery that costs just as much, but needs to be darned every week.

LARGE FUNERAL.

Services for Mrs. J. G. Wise Held at Kecksburg Wednesday.

Special to The Courier.

KECKSBURG, Pa., June 9.—One of the largest funerals ever held from the Kecksburg Church of God took place here Wednesday afternoon. It was that of Mrs. J. G. Wise, whose illness was noted in these columns some time ago. She was a sufferer of dropsy for some two years and as the end drew near she requested to be taken to the Mt. Pleasant hospital where death ended her intense sufferings. She was 49 years old and leaves a husband and one daughter, one sister and three brothers.

The funeral services were in charge of Rev. J. L. Updegraff, pastor of the Mt. Pleasant Church of God, assisted by Rev. A. D. Stevens, pastor of the Church of God at Liberty, Pa., and by Rev. Wm. Harris Gayer, A. M., pastor of the Alverton Church of God. Interment in the old Fairview cemetery.

Rev. Wise is serving his second year with the church at this place and the severe afflictions and death in his home has bound his large membership to him more closely than ever.

PROMPT SETTLEMENT

Of Policy Held by Widow of the Late Lewis Gillett.

S. A. Couchenour, Record Keeper of Youth Tent of the Macabees, yesterday paid to Mrs. Lewis Gillett, widow of the late Lewis Gillett, \$2,000, the amount of a policy Mr. Gillett carried in the Knights of the Macabees.

Mr. Gillett was a member of Youth Tent five years, having his membership transferred from a New York Tent to Connellsville. The settlement of the policy was prompt, as all claims against the Macabees are. It is just two weeks since the death of Mr. Gillett.

REPORT FAVORABLY.

Grand Jury Acts on Purchase of Bellevernon Bridge.

UNIONTOWN, June 10.—The Fayette county grand jury, Thursday afternoon, after hearing 12 witnesses, reported in favor of making that structure a free thoroughfare. The Washington county grand jury rendered a similar decision several weeks ago. The matter is now up to the court for final approval. Bellevernon residents were anxiously awaiting the findings of the Fayette jurors and were highly elated when that body reported in favor of a free bridge. The report was made shortly after 1 o'clock.

The board of viewers recommended the purchase of the bridge by the county and fixed the value at \$50,000. One-half of this is paid by Washington county and the remainder by Fayette county. The viewers were: Chas. B. Franks of Lehigh; John R. Byrne of Exeter, and S. W. Henshaw of Uniontown. The Washington viewers were: D. M. Campney, R. V. Johnson and D. S. Taylor.

DR. WEDDERSPON TONIGHT

**Y. M. C. A. Tennis Club Has a Very

Notes of News.**

Special to The Courier.
SCOTSDALE, June 10.—In spite of a most disagreeable evening the First Methodist Episcopal Church was crowded last evening to hear one of the most brilliant philosophical and entertaining lectures ever delivered here. Dr. J. Bell Neff of Duluth, the District Superintendent of the Erie District of the Erie Conference lectured on "Who's Your Boss?" He described the various kinds of boss, including the political one, the fashion boss, the superstition boss and so on. The lecture was a splendid one for the delegates and visitors to the annual Epworth League convention of the McKeesport District which is meeting here.

This morning Theodore Hocky of Scottdale led the morning watch service at 6:30 which opened the day. Rev. E. W. Kelley of Addison led the devotional at 8:30, and at 9 o'clock the Round Table was opened. It was as follows: Spiritual, Roy Musselman of Bradock; World Evangelism, by Miss Laurena T. Smith of Emory church, Pittsburg; Mercy and Help, Miss Nellie L. Hanes, Duncansville; Home, Pittsburg; Literary and Social, Miss Anna Horner of Connelville. At 11 o'clock there was an intermission with song and at 11:30 the Junior Epworth League was led by Mrs. R. C. Wolf of Connelville. Rev. H. D. Whitehead of Pittsburg took up the subject of Christian Stewardship and the convention took its noon adjournment at 12:15. At 1:30 the devotional exercises were led by Mrs. H. M. Carnahan of Dawson. Miss Anna McDuff of Connelville takes up the Institute work at 2 o'clock and Temperance is in the hands of Rev. J. B. Risk of Uniontown at 2:30. Then there will be an hour of miscellaneous business and at 4:10 the sermon, "The Leaguer's Master Passion," by Rev. Charles Raymond of Erie, Pa. The social hour will be at 7 o'clock this evening, and then devotion by Joseph E. Apple, D. D., of Myersdale, after which there will be an address at 8:15 by Rev. W. R. Wedderspoon, D. D., of Pittsburg, one of the best speakers in the conference. This will close the convention, which about 100 delegates have attended.

Fine Tennis Courts.
What is said to be the finest tennis grounds ever laid out in Scottdale are those of the Y. M. C. A. Tennis Club in Leuck park, which have been completed within the last few days. Good weather will assure interest in the game being soon at its highest stage with those who are members of the club, which now numbers 25, only members of the Y. M. C. A. being eligible. There are two courts laid out.

Leave for the Summer.
Miss Catherine Shoup, one of Scottdale's most proficient grade teachers, left yesterday for Morgantown, W. Va., where she will spend the summer in the university town.

Minister on a Trip.
Rev. and Mrs. Archibald Auld expect to leave today for Delaware, O., where they will attend the commencement exercises of the Ohio Wesleyan University and then make a trip further west. Rev. Mr. Auld, who is pastor of the Alverton charge taking in the Alverton, Jacobs Creek and Wesley Chapel Methodist Episcopal churches, has been in poor health for sometime and his people have given him a leave of absence, with the sincere wish that he may soon recover his health.

Home Strawberries Coming.
The home grown strawberries are expected in the Scottdale markets next week, but it is reported that the crop is not a bumper one this season. The pollen ivy crop is not reported as having been injured any by the backward spring.

Great Improvements.
The Pennsylvania Railroad company is alleged to have sent a new mail car to the local station here.

Piano Buyers Who Have The Cash Can Profit.

**Splendid Bargains in Many
Pianos of Best Reputation.**

**Several Chickering, Knabes, Hardmans and Other Pianos
of Highest Character; Grands, Uprights
and Player-Pianos Alike Included.**

Let us make ourselves understood regarding this sale.

This is a sale in which every piano on our floors is not included. The special prices and terms we are advertising does not apply to our entire stock. In other words, this is not a "clean sweep" sale.

It is a sort of "House cleaning" or "Getting ready" sale.

A "Preparatory Sale"—just as we announced in our first ad, which is intended.

1. To dispose of all used and second hand stock.

2. To dispose of all rental stock.

3. To clean up all odds and ends.

4. To dispose of all discontinued styles.

5. To dispose of many special expensive instruments, rather than to carry them through the summer months.

6. To dispose of many special expensive instruments, rather than to carry them through the summer months.

7. To clean up odds and ends in music rolls.

Every piano that comes under any of the five classifications above, is specially priced. Every piano that comes under one of these headings is marked anywhere from 15 to 30 per cent. less than its regular price.

There has been no straight cut in prices, or any special rule followed in marking these pianos. Each piano has been marked on its individual merits—some prices being cut deep—some not quite so much.

But in each and every instance, every specially priced piano has been marked at the least price we will accept for it, spot cash laid right in our hands.

The inducements of this sale to you as a buyer, are the high character of instruments and the low prices you obtain.

The compensation of this sale to us as sellers, is the cash we will get or the very short terms upon which we will sell.

Or, in short, during this sale, you can get the very cream of our unmatched stock, by paying us a very little or (in many instances) no profit at all, merely by settling with us in cash or agreeing to pay on short terms; say from 12 to 18 months' time.

It is an opportunity of a lifetime for anyone who can pay for a piano in cash, or within a year and a half.

JUNE ON THE GREAT LAKES

Restful, delightful, interesting, and instructive, there is no trip like that on the Great Lakes, those inland seas which form the border line between the United States and Canada. And June is one of the most charming months in the year in which to take the trip.

For comfort the line passenger steamships of the Anchor Line have no superiors. As well appointed as the palatial ocean greyhounds which plow the Atlantic, their schedule allows sufficient time at all stopping places to enable the traveler to see something of the great lake cities and to view in daylight the most distinctive sights of the lakes, and the scenery which frames them.

The trip through the Detroit River, and through Lake St. Clair, with its great ship canal in the middle of the lake, thence through Lake Huron, the locking of the steamer through the great locks at the Soo, and the passage of the Portage Entry, like and canal, across the upper end of Michigan are novel and interesting features.

The voyage from Buffalo to Duluth covers over eleven hundred miles in the five days' journey. Leaving Buffalo, the steamships Jonatan, Tionesta and Octorara, make stops at Erie, Cleveland, Detroit, Mackinac Island, the Soo, Marquette, Houghton and Hancock and Duluth.

The 1910 season opened on May 31 when the Steamer Tionesta made her first sailing from Buffalo.

The Anchor Line is the Great Lake Annex of the Pennsylvania Railroad, and the service measures up to the high standard set by the "Standard Railroad of America."

An illustrated folder, giving sailing dates of steamers, rates of fare, and other information is in course of preparation, and may be obtained when ready from any Pennsylvania Railroad Ticket Agent, who is also prepared to book passengers who may desire to take this trip through the Great Lakes and back.

Porter met the car here.

This groom is a son of Mr. and Mrs. M. B. Porter, and the bride a popular young lady of Connelville, a daughter of Mr. and Mrs. J. D. Percy.

SCOTSDALE, June 9.—The Gibson Family Reunion, a home talent play, given under the auspices of the St. Bartholomew's Episcopal church, will be produced at Geyer's opera house this and tomorrow evening. Those who will take the principal parts are: Marjory Miller, Miss Nina McFarland, Miss Gertrude Reid, Dr. W. F. Shotts, Miss Mabel Shotts, J. Hanks,

Miss Blanche Evans, Walter Locke, and Lewis Wootton; Miss Pearl Breggole, Robert B. Barkell, Otto Koch, Margaret Hughes, Miss Gertrude Cox, Miss Gladys Trimble, Earl Gordon, Frank Walker, Harold Andrews and Miss Adrienne Brown. There are several choruses in the entertainment. The entire affair is in charge of Clara Andrews of the Book Entertainment Company, with Miss Alice Kellogg as the pianist. A large number of seats have been sold for each evening.

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-stove will do anything, from heating a

kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

The Stowaway

By LOUIS TRACY

Author of the "Pillar of Light," "The Wings of the Morning" and "The Captain of the Kansas."

Copyright, 1909, by Edward J. Clode

"Because that charming girl loves another man, but feels that she is bound to you. I understand the position at last. Mr. Bulmer, you cannot wish to break her heart and drive that fine young fellow, Philip Hoxier, to despair. Come, now! Let you and me reason this thing together. Possibly when she agreed to marry you she did not know what love was. She is high minded, an idealist, the soul of honor. What other woman would have consented to be separated from her friends on Fernando Noronha merely because it increased their meager chances of safety? How few women, loving a man like Philip Hoxier, who is assured of a splendid reward for his services to this state, would resolutely deny the claims of her own heart in order to keep her word?"

Bulmer had never heard any one speak with the crystal directness of Dom Corria. Each word clipped away some part of the fence which he had deliberately erected around his own intelligence. Certain facts had found cracks in the barrier already. Dom Corria had seen the whole scene. But he was a hard man and stubborn, and his heart was set on Iris.

"You are mighty sure she is wrapped up in this young spark?" he growled.

"Were I not I would not have interfered. Take my advice. First ask yourself an honest question, then ask the girl. She will answer. I promise you that."

"I'm a rich man," persisted Dickey.

"Nobody forced 'er one way or the other."

"Possibly. One wonders, though, why she hid herself on the Andromeda."

"It's true, I tell you. David said—"

"Who is David?"

"Her uncle."

"In England, I take it. If a man wishes to marry a girl he does not woo her uncle. Of course these customs vary. Here in Brazil—"

Then Bulmer said something about Brazil that was not to be expected from one of his staid demeanor. In fact, he regarded Brazil as the cause of the whole trouble, and his opinion concerning that marvelous land coincided with Hoxier's. He turned and walked away, looking a trifle older, a trifle more bent perhaps, than when he came out of the house.

An hour later Dom Corria and Carmela met in a corridor. They were discussing arrangements for a speedy move to the capital when Iris ran into them. Her face was flushed, and she had been crying. Much to Carmela's amazement, the English girl clasped her round the neck and kissed her.

"Tell your father, my dear, that he has been very good to me," she whispered. Then her face grew scarlet again, and she hurried away.

"Excellent!" said the president. "That old man is a gentleman. His friend is not. Yet they are very much alike in other respects. Odd thing! Carmela, dear, can you spare a few minutes from your luncheon?"

"Yes, father."

"Go, then, and find that young Englishman, Philip Hoxier. Tell him that the engagement between Miss York and Mr. Bulmer is broken off."

Carmela's black eyes sparkled. That wayward blood of hers surged in her veins, but Dom Corria's calm glance dwelt on her, and the spasm passed.

"Yes, father," she said dutifully.

He stroked his chin as he went out to pronounce a funeral oration on those who had fallen during the fight.

"I think," said he reflectively—"I think that Carmela dislikes that girl. I wonder why."

Philip had never, to his knowledge, seen the Senhora de Sylvia. It was therefore something more than a surprise when the yellow faced, willowy girl, black haired, black eyed and most demure of manner, whom he remembered to have met in the gateway of Las Flores early on the previous day, came to his tent and asked for him.

She introduced herself, and Philip was most polite.

"My father sent me," she began.

"I ought to have waited on the president," he said, seeing that she hesitated, "but several of my men are wounded, and we have so few doctors."

"Dom Corria is a good doctor himself," she said.

"His skill will be much appreciated in Brazil at the present moment," said he, rather bewildered.

"He mends broken hearts," she persisted.

"Ah, a healer, indeed!" but he frowned a little.

"He is in demand today. He asked me to tell you of one most successful operation. The—er—the engagement between Miss York—"

"—and Mr. Bulmer—is that the name—and Mr. Bulmer—"

"Bulmer," scowled Philip, a block of ice in the warm air of Brazil.

"Yes that is it. Well, it is ended."

she is free—for a little while." There was a curious bleaching of Philip's weather tanned face. It touched a cord in Carmela's impulsive nature.

"It is all right," she nodded. "You can go to her."

She left him there, more shaken than he had ever been by thunderous sea or screaming bullet.

Visiting the sick is one of the Christian virtues, so Philip visited Coke.

"I HAVE GROWN A LITTLE BIT AFRAID OF YOU."

Iris had just finished writing a letter, partly dictated and much altered in style, to Mrs. James Coke, Sea View, Ocean road, Birkenhead, when a gentle tap brought her to the door. She opened it. Her wrist was seized, and she was drawn into the corridor. She had no option in the matter. The tall young man who held her wrist proceeded to squeeze the length out of her, but she was growing so accustomed to deeds of violence that she did not even scream.

"There is a British chaplain at Pernambuco," was Philip's incoherent remark.

"I must ask my uncle," she gasped.

"No. Leave that to me. No man living shall say 'Yes' or 'No' to me where you are concerned, Iris."

"Do not be hard with him, Philip, dear. He was always good to me, and—and—I have grown a wee bit afraid of you."

"Fraid?"

"Yes. You are so much older, so much sterner, than when you and I looked at the Southern Cross together from the bridge of the Andromeda."

"I was a boy then, Iris. I am a man now. I have fought and loved and suffered. And what of you, dear heart? We went through the furnace together. What of the girl who has come forth a woman?"

"Yes, father."

"Go, then, and find that young Englishman, Philip Hoxier. Tell him that the engagement between Miss York and Mr. Bulmer is broken off."

Carmela's black eyes sparkled. That wayward blood of hers surged in her veins, but Dom Corria's calm glance dwelt on her, and the spasm passed.

want to call at the bank and at a shop in the Rua Grande. You will be interested."

Well, being a good and loving wife, she was interested deeply. Ten thousand pounds was Dom Corria's financial estimate of the services rendered by Philip, and this was absolutely unfounded by the total in millions. But her voice came loud when Philip took her to a jeweler's and the man produced a gold cross on which blazed four glorious diamonds. Dom Corria had given her a necklace many times more valuable, but this—

"For remembrance!" said Philip. "Oh, my dear, my dear!" she murmured, and her eyes grew moist.

ENGINE HITS FUNERAL PARTY

Four Persons Killed, Including Minister—Fifth Is Dying.

Haverstraw, N. Y., June 10.—Four persons were killed when a coach returning from a funeral was run down by a West Shore locomotive at a street crossing.

The locomotive was running at a high rate of speed. From appearances and from witnesses it seems that the train and coach were on the tracks when the gate was let down and this confined them with no way of escape.

Loose His Eyes in Explosion. Kittanning, Pa., June 10.—The eyes of L. D. Nellis, a miner, were blown out by an explosion of a can of powder in the Blanco mines, near this place.

Nellis put off a blast and the force of the explosion put out the light of a lamp he carried. When relighting the lamp a part of a matchhead dropped in a can of powder and caused it to explode. Physicians do not think he will recover.

THE PREPS WIN OVER DUNBAR BOYS

In Six Innings With Score
of Seven
to 0.

THOMAS PITCHED NICE GAME

Allowing the Furnace Town Players
But Two Scratch Singles—Tomor-
row Smack and Edmunds, Two Port
Siders Will Have It Out.

The Prep school nine went to Dunbar yesterday afternoon and easily defeated the High School team there, 7 to 0. Thomas who did the singing for the South Side boys had the Dunbar batters standing on their heads from the first to the last of the sixth when rain put a stop to the game. But two scratch singles were made on him and only one Dunbar High man reached second base. Thomas was steady as a clock and the support he got from Art Buttermore was a treat to see. Buttermore is just as clever a baseball player as he is a gym athlete and that is saying a whole lot.

The Prep boys batted timely yesterday and ran bases like wild fire. Once on first they took all sorts of chances and got away with them. If the Pirates had some of the glitz being displayed by the Preps these days they would be winning more games. In the Prep lineup are Smack, Brown and Thomas, pitchers, Smack being a left hander. Art Buttermore does all of the receiving. Ray Adkins plays first, John Brown second, Hicks short, W. Adkins third, Leckebush left, Blair middle and Smack right when he is not pitching.

Tomorrow afternoon at Marietta park the Preps will stack up against the Connellsville High School team. Smack will oppose Edmunds, Connellsville High's crack port rider. The local High boys have never been able to do much with left handers, no Manager Hicks has decided to send Smack in against them. The local High School boys are holding the Preps rather cheaply, but there may be a surprise in store for them. One thing is certain the Preps are full of nerve and the High boys will not have anything on them in games. The South Side will be on hand to root for their favorites.

The Married and Single Men Play Tonight

Special to The Courier.
SCOTTDAL, June 10.—The Married and Single men of the H. C. Frick Coke Company's engineering department will meet in their annual contest on Loucks' field next Monday. The management gives assurance that no collection will be taken, so a large crowd will likely attend. Some former baseball stars will be in the lineup of both teams. Among the married men will be found Sam Brown, formerly of the Boston Nationals; J. A. Grumley, captain and pitcher of the St. Vincent College nine from 1890 to 1892; Joseph W. Scott, of the famous Philadelphia Grays of '93; Russell Hockensberry, twirler for the Scottdale Independents of '06; Bill McLean, of the 1907 Altoona team; W. F. Stoner, of the famous Nebo team which played town-ball in 1892 near Reagan, where the deciding contest of the Whiskey Insurrection was fought to a finish and H. H. Stevens, of the Mountaintop Grout players. Among the unimpaired—they will work in relays as one man cannot possibly last the game through—are Chief Electrician W. Haines; Assistant Chief Engineer, T. W. Dawson; Chief Draughtsman, W. V. Whitman; and Chief of Police, Frank McCadden.

DAVIDSON WON.

Defeated Trotter 2 to 1 in Hotly Contested Game.

The Davidson team of the H. C. Frick Coke Company is showing great form, having won eight of the last ten games. Tuesday Davidson went to Trotter and defeated Capt. P. J. Trotter's sides in a red hot, closely contested battle. The final score was 2 to 1. The Trotter team promises to be formidable when the players round into form. This afternoon on the Sligo field the Davidson team will appear in the new uniforms to battle with Monarch. Last week Davidson defeated Leiseling 7 to 2.

Three Killed; Few Hurt.

St. Louis, June 10.—A train Mountain train No. 7, known as the fast mail which runs between St. Louis and Tevakan, was derailed and dived a short distance from this city. Three persons were killed and about ten injured.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's
Vegetable Compound

Do Forest, Wis.—"After an operation four years ago I had no more pain in my back and sides, and a weakness. The doctor wanted me to have another operation. I took Lydia E. Pinkham's Vegetable Compound and I am entirely cured of my troubles."

Mrs. AUGUSTE WESTERMAN, Do Forest, Wis.

Another Operation Avoided.
New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LARRY PICHOUX, 1111 Kerlereau St., New Orleans, La.

Thirty years of unparalleled success confirm the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

If you want special advice about your case write to Mrs. J. C. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

HOW INTEREST HELPS.

A Deposit of \$300 Multiplies Nearly Four Times in 28 Years.
Twenty-eight years ago George M. Hill died in Pittsburg. At the time of his death he had \$700 on deposit in a savings bank. The bank has been trying ever since to locate his heirs, but only succeeded in doing so a few days ago, when it handed William Hill, of Salem, Ohio, his brother and only surviving heir, the sum of \$1,162.51. A striking instance of how money grows at compound interest—of what your dollars will do when you put them to work. If you want to have a nice little sum to make your later years comfortable, deposit a few dollars weekly, or monthly in The First National Bank of Connellsville, at 1 percent compound interest. \$1 opens an account.

From the Finest Tailor Shop in America.

The new Adler-Rochester plant is famous for being the finest tailoring establishment in the land.

And those who make Adler-Rochester clothes—the master designers and skilled craftsmen—are men who meet no peers.

The Adler-Rochester style can be seen only among men of fashion.

The fit is a rare achievement—the result of over forty years' study of every type of man.

That's why since 1869 Adler-Rochesters have been the choice of men who care.

Nor will you pay more for these famous clothes than for ordinary good clothes. We sell them for \$18 and upward—the best values ever offered at any price.

It is only because the makers confine their profits to 6% that these prices are possible. Because, on the making is spent four times what some makers spend.

The Adler-Rochester Grays and Blues—this season's most favored colors—are bound to hold interest for you.

How We Protect You on Hosiery and Underwear Purchases.

We are first to secure garments with improvements here and there, something invented or discovered to make the article fit better and wear longer; something done better than before.

Buying direct from the manufacturer and selling the same garment for less money, or a better one for the same money.

We were first to reject the badly cut, poorly sized and skimped low priced underwear. Now you get well made garments, even in the low priced grades. In our better hosiery we use linen and lisle in the feet. Extra wide garter tops. This insures longer life in the stocking.

Summer Underwear.

Thas has fit, shape and above all, resists the wear and tear of frequent launderings.
